Established in 1970, the HCIDA is Herkimer County’s lead agency that promotes, develops, and encourages quality economic development projects. In addition to industrial marketing, the IDA acts as a coordinating agency for a variety of corporate financing and incentive programs offered by local, regional, state, and federal agencies assisting businesses, who seek such financing.

### The Region - Mohawk Valley

Boasting some of the most affordable real estate in New York State, the Region is increasingly attracting corporate investment in manufacturing, R&D, and high-tech. This region is the geographic center of Upstate New York along the Erie Canal, including the historic urban centers of Utica, Rome, and Amsterdam. It is within 100 miles of major markets in every direction including Albany (90 miles), Syracuse (50 miles), Binghamton (80 miles), and the Canadian border (100 miles).

The Mohawk Valley is a unique mix of pastoral beauty and urban amenities, contributing to a rich diversity of culture and lifestyles. The popularity of homegrown arts, professional sports, craft food & beverages, and adventure tourism make the Mohawk Valley a globally-recognized destination for families, visitors, and talent.

The Region is home to numerous academic and research institutions. Flourishing industry clusters include distribution, materials processing, industrial machinery and services, agriculture, craft food and beverage manufacturing, cybersecurity & information assurance, back-office, and financial services.

The Region is also an integral part of the new and developing Tech Valley, a 19-county region throughout eastern New York State, currently home to more than 1,000 technology companies whose annual economic impact is $5 billion.

Today, Herkimer County is at the epicenter of this high-tech revolution, emerging as a global technology hub, offering the critical resources that existing and expanding business need to develop breakthrough technologies that will help shape the future.

Herkimer County continues to play an important role in the development of nanotechnology, fiber optics, LED technology, medical devices, renewable energy, and military and aerospace equipment.
Located in the heart of New York State, Herkimer County’s Central New York location means close proximity to all major markets in the Northeastern United States and Southeastern Canada. Within 300 miles of Herkimer County, you will find 25% of the total population of the U.S. and Canada, and even a greater concentration of the industrial wealth. Whether it’s New York City, Buffalo, Philadelphia, Toronto or Montreal, our highway, rail and air transportation network provides the linkages necessary to service this vast market area.
